Guirard Reacts to Wicker Disqualification

Mayoral candidate "E Eric" Guirard was among the first to react to the disqualification of fellow candidate Tara Wicker today.

Guirard, a local attorney, wants the best possible candidates in the field and hates to see a candidate eliminated over a technicality.

"It's a shame that a technicality could prevent a very qualified candidate from being able to run for this important office," Guirard said.

"We obviously need the best candidates in the field competing for this position and no doubt we will all bring out the best in each other."
